

Cleves Primary School

Welcome back to school. This term we are doing some very interesting and exciting things. We are keen to encourage parents and carers to help in their child's learning at home and as such we are providing you with this overview of what we shall be teaching at school. We also value any resources that you can contribute related to any of our topics. You can help us by making sure that all homework is completed. If you have any queries please feel free to have a chat with us.

Year group: 6 Autumn Term 2015

<u>Mathematics</u>	<u>English</u>	<u>Science</u>
<p>In Numeracy this term, Year 6 will be focusing on developing their skills in Number and Calculations. This includes place value, multiplication and division of whole and decimal numbers; expressing quotients as fractions and decimals; odd and even numbers and common multiples.</p> <p>As a whole school, we are also introducing a new approach to the teaching of mathematics- 'Singapore Maths' This is an exciting and innovative opportunity to secure pupils' knowledge and build their confidence and enjoyment of the subject! We will hold coffee mornings to update everyone on how to support pupils!</p>	<p>Year 6 will look at a variety of fiction and non-fiction books. These include classic and contemporary novels that will challenge and develop pupils' thinking, and vocabulary as well as inspiring their interest in reading. Our focus texts this term are the two classics: Treasure Island and Great Expectations, which will support link to and support pupils in their writing.</p> <p>We will discuss the importance of plot, character development and setting, We will also be developing our poetry skills.</p> <p>Year 6 will continue to improve their speaking and listening skills while listening to and responding to each other.</p>	<p>This term in science, we will be exploring the topic 'Classifying Critters' (living things and their habitats strand) as well as 'Staying Alive', (Animals including Humans strand).</p> <p>Within Classifying critters the pupils will develop their knowledge of vertebrates and invertebrates as well as studying all 5 kingdoms including fungi and microbes.</p> <p>'Staying Alive' considers life processes that are internal to the body, such as the circulatory system, parts of the digestive system and how they transport fluids around the body. The impact of lifestyle on bodies, particularly of humans, is also considered. Scientists are continually finding out what is good and bad for us, and their ideas do change as more research is carried out.</p>
<u>Art/DT</u>	<u>Humanities</u>	<u>Physical Education</u>
<p>In Art this half term we are looking at Calligraphy and font types; which links well with our history topic, The Victorians, as we will look at illuminated manuscripts from the Victorian era. The children will be assessed on a variety of criteria including how the children record the styles and qualities in their work; how they explain what their work is influenced by; their ability to adapt and refine their work to reflect its meaning and purpose, keeping notes and annotations and how they compare their methods to those of others.</p>	<p>Within History, in the first half term, the children will be looking at The Victorians. They will explore how they lived using a range of sources as well participating in a workshop.</p> <p>The second half term the pupils will be conducting an on-going independent project, within Geography, looking at the similarities and differences between a country within either Africa or Asia to Europe, UK or the Americas. Pupils will present their work to an audience at the end of term.</p>	<p>This term in P.E, we will focus on Gymnastics, Dance and Invasion Games. Children will compose sequences using a variety of apparatus incorporating elements such as twists, turns, flight, change of direction, speed and level, contrasting shapes and balances. In Dance, pupils will focus on creating and performing short dances that communicate different moods, feelings and ideas. Invasion games encourage pupils to think about how to use skills, strategies and tactics to outwit the opposition.</p>
<u>Religious Education</u>	<u>Music</u>	<u>PSHCE</u>
<p>We are lucky to live in such a diverse community here in East Ham. In Religious Education Year 6 will be exploring the topic, "What qualities are important to present day religious leaders?" as well as "What similarities and differences do religions share?".</p>	<p>In Year 6 The children will continue to access their ECAM music tuition focussing on the same instrument as in year 5. These sessions will take place on Fridays so can you please encourage the pupils to remember to bring in their guitars every week as well as practise at home. This will help them to achieve their full potential in music.</p>	<p>Year 6 will be developing and exploring the idea of New Beginnings. Within this topic they will be: creating a community; building a community; making choices; focusing on feelings; welcoming and belonging. This will help to prepare the children for their transition into secondary school as individuals within their wider community. The pupils will also be developing their understanding of what bullying is and how to</p>

		Say No to Bullying! As well as developing the skills of setting goals and problem solving.
<u>Computing</u>	<u>Homework</u>	<u>Educational Visits</u>
<p>This year the pupils will be conducting a year project that will enable them to create an app for a smartphone or tablet.</p> <p>Within the first unit called 'We are app planners' the pupils will learn about the capabilities of smartphones, think of a problem that a smartphone or tablet could solve, and then pitch the idea for their app.</p> <p>The second unit is called 'We are project managers'. The pupils will work collaboratively to develop an app. Pupils will apply computational thinking (such as decomposition, patterns, abstraction and algorithms) to the tasks of managing a complex project.</p> <p>The pupils will understand the importance of working safely, respectfully and responsibly.</p>	<p>Children will be required to read for at least twenty minutes daily: Bug club, a book etc. The pupils will be provided with SATs revision packs to prepare them with for their SATs in May 2015. The pupils will also receive weekly spellings and 'My Maths' homework. Please support us and your child by checking homework weekly. Also continue to encourage them to complete their homework as well as return it on the correct day.</p>	<p>Year 6 pupils will have opportunities to apply classroom based learning to real life situations through several out of school trips this year.</p> <p>These trips provide pupils with another medium through which they can explore, develop and apply concepts and ideas.</p> <p>We will also welcome visitors to our school to speak to pupils and further their learning.</p>
